

Child Abandonment Policy

LRC staff that find children that have been abandoned in any LRC facility should follow these steps:

1. Interview the child(ren) to find out name, parent(s) name and number and/or a home address.
2. LRC staff should attempt to contact the child's parent(s) to have the child picked up.
3. If no contact can be made or no phone number is provided, the LRC staff member must call the police at 911.
4. Notify the Director and the LRC Board.
